Saturday - Layout 1 - Track 1 - Run 3

Due to repeated on track delays and red flags, this run was not finished due to time constraints.

Further Detail:

At approximately 2pm a timing issue occurred and subsequently the CoC made the decision to abandon the run rather than switching to the backup timing. Many factors were considered in this decision but it was noted that the officials had not yet had a break and the decision was made that the officials welfare was more important than finishing the run, and as such the run would not be restarted. This allowed the officials an opportunity for a much needed break while the Track Team reset the tracks for the afternoon runs.

Due to repeated on track delays and red flags, Layout 1 - Track 1 - Run 3 run was not finished due to time constraints.

Further Detail: At approximately 2pm a timing issue occurred and subsequently the CoC made the decision to abandon the run rather than switching to the backup timing. Many factors were considered in this decision but it was noted that the officials had not yet had a break and the decision was made that the officials welfare was more important than finishing the run, and as such the run would not be restarted. This allowed the officials an opportunity for a much needed break while the Track Team reset the tracks for the afternoon runs.
