State Autocross CHAMPIONSHIP

On Sunday, July 28th, WACC hosted an exciting lineup of events with the State Autocross Championship, alongside the State Autocross Series, Club Autocross Series, Rallysprint Round 4, and Regularity competitions.

The event featured challenging tracks, where drivers showcased their endurance as it took them to the outskirts of the club property. Among the standout performances of the day was junior competitor Oscar Farnden, driving his Subaru WRX to multiple victories. Oscar demonstrated exceptional driving prowess with smooth maneuvers.

Congratulations to our outright and class winners for the events. A big thank you to our Clerk of the Course Will Langdon and our exceptional officials.

Saturday 10th & Sunday 11th August

A very successful couple of days!

On Monday morning Bob managed to clear the majority of the saltbush down Mt Mary Road with the tractor and Steve and Pete assisted on foot.

In the afternoon Bob completed grading a path to the back corner of the property which will be used as the route for the water main.

Dave R, Steve & Pete with later help from Bob laid out some hose.
Many thanks to Adrian for creating a spool to roll out the hose - we have perfected the method.
Tuesday morning Dave, Steve & Pete returned to finish rolling out the hose in Walky Park.
As we finished early we decided to tackle the areas around the trees along Mt Mary Road and we now have a pretty clear path all the way.

There are still a few small areas where the tractor could not fit and will need the trencher to some saltbush.

All in all, a very productive couple of days.

For the weekend we have the following helpers:

Saturday morning	9
Saturday arvo	11
Pub dinner Saturday	10
Sunday morning	8
Sunday arvo	8

It appears that the Mt Mary Hotel has closed permanently, Truro Hotel is closed due to ill health so Steve booked the Stockwell hotel

WORKING BEE

Saturday 10th & Sunday 11th August

Saturday we continued working up Mt Mary Road.

Tamara & Ellie got stuck into the trenching and managed another 1.2 km , leaving 400mts to the corner of Walky Park to tackle on Sunday

We had a team connecting the rolls of pipe and laying them into the trench and another team back filling.

The freshly dug trench was much easier to backfill,

At the end of Saturday we had laid and backfilled 1.2 km which was a great effort.

Saturday teams included Tamara, Ellie, Bob, Dave, Steve, Rhys Rolland, Pete, Rob Drew, Andrew & Gill Farnden, Peter & Dianne Burgess.

WORKING BEE

Saturday 10th & Sunday 11th August

We resumed on Sunday after egg & bacon Sarnies!

Before lunchtime Tamara & Ellie were inside Walky Park.

The rest of the Sunday team were close behind and consisted of Bob, Steve, Dave, Graham, Pete, Vichy and Hugh.

By the time we packed up, the trench was all the way to the water tanks.

We have a small group going back on Wednesday to finish back filling and connect the rest of the pipe.

We are so close to having mains water connected!

Huge thank you to everyone who turned up over the weekend to make this happen.

I would sincerely like to **THANK** all the members who turned up for the Working Bee last Saturday and Sunday.

We accomplished beyond our expectations and a job well done.

A few of us returned on Wednesday and finalised all the connections of the water pipe and all it needs now is a pressure test.

THANK YOU

HISTORICS - BLAST FROM THE PAST

A big thank you to Tony Marzari who has sent in some exciting historical photos that were taken by Peter McArthur our founding member and President. After he passed away, Peter's family gave the slides to Tony Marzari who was the mechanic on Peters Simca. The club has had the slides digitised for our members to enjoy. There is quite a collection, so we will be presenting them in our next few issues. We are going to call it the Peter McArthur Collection.

CLUB MEETINGS

Meetings can now be attended remotely

Are you interested in being a part of our General Meeting but you just can't get there? Well.....now you can. The system has been tested and is now ready for members to access. All you need to do is click on the Google Meeting Link and the window will open up. Click on "ask to be let in" and a committee member will grant you access to the meeting. You can interact with the meeting if you wish, or just watch. You can also find the link on the Social Events Page of the WACC website.

RALLY SKILLS PROGRAM

EXPRESSION OF INTEREST INSTRUCTORS

We would like another couple of club members to get themselves accredited as coaches for the program. We have been running a bit lean on numbers and if we have a few people unavailable due to travel commitments or sickness we are very tight to run the day. You will need to get a Working with Children Check before registering with MA as a coach, which takes an hour or so. It is also a good way to hone your own skills.

Please contact Peter Tann on 0417867403 (or any of the RSP team) if you are interested, or would like to find out more.

Depending on the budget (which is yet to be set) we are keen to start to install bolt-in half cages in the RSP cars as a priority.

If anyone is able to assist us in the process please contact Pete.

We have harnesses for all the cars which still need to be fitted.

We have a couple of seats that have been donated and need fitting.

If anyone is upgrading their seats we are interested in donations or purchase at a reasonable price. As always, contact Pete.

RALLY SKILLS PROGRAM

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

Day One Focuses On:

- Introductions to fellow participants and an overview of the program.
- Safety Equipment in Motorsport.
- Scrutineering in Motorsport and its role.
- Basic driving techniques on gravel, tailored to each student's existing skill level.

Day Two Focuses On:

- Refining cornering and braking techniques on the track.
- Understanding and utilising pace notes.
- Manual gearbox techniques.
- Different types of tyres, and tyre changing.

Day Three Focuses On:

- Rally rules.
- What a navigator does.
- Cost to build Khanacross/Autocross/Rally Sprint/Rally Cars.
- Fire Safety.

Day four (Competition Day):

- Participants will pair up to compete in the thrilling Khanacross event.
- On track will be very much Reinforce what's been learnt.

VALE PETER TUCKER

VALE PETER WILLIAM TUCKER

“FRIAR TUCK”

14/02/1947 – 04/08/2024

Peter was the son of Bill & Marge Tucker who were, at the time, the proprietors of the largest florist business in the southern hemisphere; “Tucker the Florist”. The business commenced in the Central Market in the early 1900s and finally moved to 311 Wakefield St., Adelaide. Chris Rizonico and I were great mates with Peter and for quite a while we delivered flowers on Saturday mornings in VW Combi Vans. I’m sure we did things to those Combi vans that Ferdinand Porsche never envisaged when they were built.

Peter lived with his parents in North Parade Torrensville, just a drop punt from the Thebarton Oval. He attended Christian Brothers College (CBC) but when he left school he started working straight away in the family business.

He was a very friendly and amiable fellow who was definitely an asset to the business. The building in Wakefield Street was a 2-storey construction and the business was run from downstairs with the family living upstairs. Downstairs consisted of a huge cool room, a substantial workroom where all the floral arrangements were put together and an office area which accommodated about 10 typists. The garage at the rear of the property housed the 5 VW Combi vans.

Peter arranged all the orders into runs so that the delivery drivers could do their job in a very efficient manner. He knew every suburb and every street in metro Adelaide.

Peter gave so much time to the Walky Car Club that his father was known to admonish him for spending so much time with the club and not on the business of selling flowers.

Peter’s birthday is celebrated on Valentine’s Day (How’s that for coincidence for a florist!!) and on the closest Sunday to his birthday he would organise a Beach Run to Moana and supply a keg of beer for refreshments. Lord, could you imagine doing that today.

VALE PETER TUCKER

The club magazine “Walky Torque” was compiled in hard copy format and printed in the office space of his parents’ business. Sometimes we would have a dozen members working feverishly to get the publication out in time. In fact, I recall many a night driving around inner metro Adelaide, with Peter behind the wheel (he loved to drive!!) hand delivering the magazine. Peter didn’t just drive a car; he became part of it. I believe Pete was at various times on the general committee and social committee but was never one to crave the limelight, which probably precluded any desire to hold any “senior” positions within the Walky car club. But the amount of time and monetary value he contributed should have seen him recognised more formally.

Always willing to help with anything, it is beyond me how he missed out on being elevated to Life Member.

Peter’s mother (Mrs T) was a very philanthropic person and purchased thousands of dollars’ worth of lottery tickets for charity. One day she hit the jackpot and won a 180 series Mercedes Benz, dark green with tan upholstery. Mrs T had a driving licence from the time she was a teenager but couldn’t and never drove a car. About 1970, and with Mrs Tucker’s blessing Peter, Bob Spencer, Brenton Maidment and I took the Benz to Perth for a holiday!!!! Just before we reached Port Pirie, the 1000 kilometres came up on the odometer and we all duly alighted and relieved ourselves on the side of the road. A ritual that Peter maintained for some years after. We put the car on the train at Port Pirie and took it off at Kalgoorlie. We celebrated New Year in Perth and then drove down through Margret River, Albany and Esperance. The drive back was quite adventurous as the Eyre “Highway” was an unsealed dirt road. The dust was so thick that to stop was suicidal. We made it back safely, but Pete told us later that all the undersealing/soundproofing had been stripped from the underside of the car by the road’s gravel surface. Not sure if he ever told his Mum!!!!

When he drifted away from rallying he became immersed in speedway where he met Deb. Peter married Deb later in life and when his mother passed away, he and Deb decided to move to Melbourne which was where Deb lived previously.

Current and former members of the club will remember Peter in the fondest terms.

An all-round good guy.

Some memories of Pete submitted by Rod Calver (LM).
