OFFICIALS TRAINING

Steward Course

We are required to have a Steward at all Autocross/Rallysprint events, and for all three rounds this year, we have encountered significant difficulties in securing one.

We need someone who is willing to complete the online Stewards Course, attend a few events alongside an experienced Steward, and then undergo a practical assessment to gain the qualification. This individual must also be available to attend all three Rallysprints next year, tentatively scheduled for the 13th of April, 28th of June, and 27th of September.

The current situation is untenable unless we find a more permanent solution. If we cannot find someone willing to step up and become a Club Steward, we may need to consider only running Khanacross events in the future.

If you are interested in becoming a Steward or know someone who is, please make contact with Matthew Woods on 0408 424 908

So what does a Steward do?

Stewards adjudicate upon any dispute or protest arising during a meeting and are also responsible for ensuring the competition is conducted safely.

The Learning Objectives of the module are:

- Identify the personal resources required to perform the role of a steward
- Demonstrate judicial procedures at motorsport events
- Apply communication techniques appropriate to stewarding
- Identify critical incident procedures and manage it in accordance with the stewards functions
- Apply Motorsport Australia Safety 1st requirements
- Identify Motorsport Australia Integrity principles
- Identify Gender and Cultural Awareness principles

Further information and the online course can be found on the Motorsport Australia website. <https://motorsport.org.au/officials/training>

HISTORICS - PETER MCARTHUR COLLECTION

A big thank you to Antonio Marzari who has sent in some exciting historical photos that were taken by Peter McArthur our founding member and President. After he passed away, Peter's family gave the slides to Antonio Marzari who did the bodywork and paint on Peter McArthur's Repco Around Australia Trial, car number 55. The club has had the slides digitised for our members to enjoy. There is quite a collection, so we will be presenting them in our next few issues. We are going to call it the Peter McArthur Collection.

Monthly Meetings

The Walkerville All Cars Club holds regular meetings on the third Wednesday of every month at 7.30 pm. Join us at the Walkerville RSL Hall on Walkerville Terrace for an evening of camaraderie and fun! We have a great lineup of guest speakers and other activities throughout the year to keep things interesting.

New members are always welcome! We love meeting new people who share our passion for motorsport. So come along to our next meeting and make some new friends.

In addition, for those people who would like to be involved but are unable to attend in person Starting in 2024 our meetings will be Hybrid In Person & Online giving members more flexibility and the ability to be involved.

RALLY SKILLS PROGRAM - 2025

We already have 10 expressions of interest for the program in 2025 which is amazing considering we only take 12 students and we haven't advertised it much as yet.

If any of our regular competitors would like to come and help us next year, they would be most welcome. A slightly larger pool of coaches would give us a bit of flexibility that we lacked this year. As we have several female potential students, it would be great if we can get a female coach or two to show that the sport is not just for blokes!

As mentioned last month, we are planning to start installing 1/2 cages in the cars next year, not sure how many we will manage to finish. If anyone has any contacts with roll cage suppliers can you please put me in touch with them.

I am planning to send out a detailed program, including dates, to all of the potential students late this year and invite them to pay a deposit to secure their place in the program.

Cheers,
Pete Tann.

RALLY SKILLS PROGRAM

EXPRESSION OF INTEREST INSTRUCTORS

We would like another couple of club members to get themselves accredited as coaches for the program. We have been running a bit lean on numbers and if we have a few people unavailable due to travel commitments or sickness we are very tight to run the day. You will need to get a Working with Children Check before registering with MA as a coach, which takes an hour or so. It is also a good way to hone your own skills.

Please contact Peter Tann on 0417867403 (or any of the RSP team) if you are interested, or would like to find out more.

Depending on the budget (which is yet to be set) we are keen to start to install bolt-in half cages in the RSP cars as a priority.

If anyone is able to assist us in the process please contact Pete.

We have harnesses for all the cars which still need to be fitted.

We have a couple of seats that have been donated and need fitting.

If anyone is upgrading their seats we are interested in donations or purchase at a reasonable price. As always, contact Pete.

RALLY SKILLS PROGRAM

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

Day One Focuses On:

Introductions to fellow participants and an overview of the program.
Safety Equipment in Motorsport.
Scrutineering in Motorsport and its role.
Basic driving techniques on gravel, tailored to each student's existing skill level.

Day Two Focuses On:

Refining cornering and braking techniques on the track.
Understanding and utilising pace notes.
Manual gearbox techniques.
Different types of tyres, and tyre changing.

Day Three Focuses On:

Rally rules.
What a navigator does.
Cost to build Khanacross/Autocross/Rally Sprint/Rally Cars.
Fire Safety.

Day four (Competition Day):

Participants will pair up to compete in the thrilling Khanacross event.
On track will be very much Reinforce what's been learnt.
