Harries Contracting-Walky Park Series Round 2 Rallysprint

Sunday 29th June saw competitors and spectators gather at Walky Park for the Harries Contracting Walky Park Series Round 2 Rallysprint. With cool and dry winter conditions, it was a fantastic day of motorsport, with strong competition across all classes and a broad field of drivers showcasing their skills across the nine runs.

Topping the outright standings was Oscar Farnden, who delivered an impressive and consistent performance, securing first place. His speed across the longer sprint stages set him apart.

Andrew Gleeson followed in second place outright also taking out the win in the P4 – 2WD over 2001cc class. Rounding out the top three was Michael Stanford, who was showing strong form in the AWD division.

The Women's Series saw Vanessa Stanford take a clear win, combining smooth and consistent driving to finish ahead of fellow competitors Yannike Schutz and Kayla Amani.

There was also close competition throughout the classes, with standout drives from James Bennett, Stephen Barker, and Cody Gleeson, who featured prominently in the P2, P3, and Junior categories respectively.

The event ran smoothly, thanks to the efforts of the volunteers and officials, with plenty of action on track and a supportive, family-friendly environment off it. As the Walky Park Rallysprint Series progresses, drivers will no doubt be looking to fine-tune their pace and climb the leaderboard in the next round.

RALLY SKILLS PROGRAM - 2025

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

RALLY SKILLS PROGRAM - 2025

Goals of Rally Skills Program

Day 1 of the program - 5th April

Please arrive by 9:00am as we will need to complete some paperwork, and everyone needs to sign on to be covered by insurance. There will be a drivers' briefing at 9:30. This is compulsory for both students and trainers/officials. Safety is paramount and the first sessions will cover car and personal safety, allocate students to their groups, how to put on a helmet, correct seating position and scrutineering of the RSP cars. After lunch, we will start working on cornering, weight transfer and stop/start, both theory and in car. Cars will be provided by RSP.

Day 2 of the program - 28th June

Activities will include cornering/gear changes, left foot braking, rally rules, Co-driver duties, pace notes, tyre technology and how to change a tyre safely.

Day 3 of the program - 27th September

Activities will include reinforcing day 1 & 2 skills, dummy Khanacross track, Event entry via Motorsport Australia (MA) portal, cost of building a Khanacross car, loading and towing a car trailer safely, Fire safety including extinguishing a fire.

Day 4 of the program - 26th October

You will participate in a timed Khanacross competition. Using your knowledge from day 3, you will be responsible to enter the event via the MA portal (we will assist if you have any problems). If you have your own car, you may use it for day 4 provided it passes scrutineering on the day, other wise a RSP car will be allocated to you.
