

WALKY TORQUE DECEMBER 2025

Welcome to your December newsletter.

As the year draws to a close and our club competition season wraps up, we would like to take this opportunity to extend our sincere thanks to everyone who has supported the club over the past 12 months.

A special thank you to our dedicated volunteer officials for their commitment to ensuring our events run smoothly and successfully.

We also acknowledge our committee members for their ongoing commitment to the club, who volunteer their time to help deliver safe, well run events. Your hard work behind the scenes does not go unnoticed. Without your collective support, our club simply could not operate.

Thank you as well to our generous sponsors, whose contributions have played an important role in helping us continue to grow and improve.

Finally, we extend our appreciation to everyone involved in the Rally Skills Program, which has greatly enhanced participation and activity within our club.

Thank you all for a fantastic year.

Nick White/Lisi Pickstock - Alpine Rally of East Gippsland

Well Alpine Rally 2025 didnt quite go to plan for our crew but was character building for sure. After a rear suspension issue Friday put us way down the field for Saturday with all the rain it made staying on the road quite challenging in itself. I made a slight mistake on the second stage being slightly wide and in the wet stuff and go sucked into a bank and beached it. We tried hard to get it out I dug until nearly having a heat attack Lisi was on the rev limiter in reverse as I tried to lift, push or do anything to get it out but to no avail we had to be recovered.

It looked like a quick fix with a bent rack end but once we got it home and onto the jack stands we found the cross member torn off the chassis rail.... I was ready to throw in the towel but my strong and persistant crew lifted my spirits and gave me a can of attitude adjuster we got to business. Some metal plate was sourced and the welder was dropped off we cut the end off the cross member a fabricated a new section. We refitted the cross member and replaced the rack end and also re beaded 2 tyres and finished up around 2.30am.

We ran all Sunday down the back of the field where conditions were diabolical after 80 odd cars turned the road to slop but we got through as planned but with no real pace as we just wanted to finish and I had no confidence in grip levels as they changed in blink of an eye.

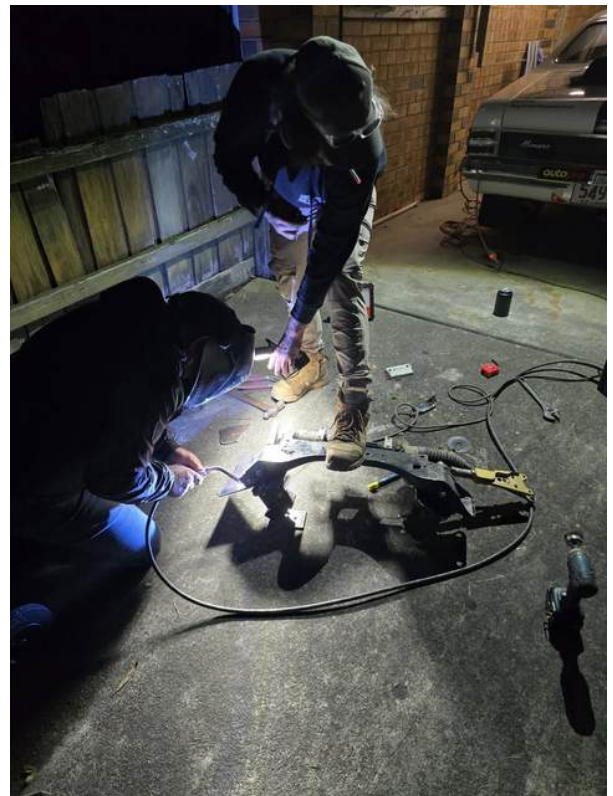

CLUB MEMBER UPDATES

Couldnt have done it with out the legends at Bogan Racing..... massive thanks to you all Jason McCormack and Tim Monk lifting my spirits and staying out in the shed late to get the 180b back together, Sarah McCormack, Macka Hendy-McCormack, Michelle White feeding us all weekend and keeping the place tidy whilst looking after the kids.

Piping Shrike Trackwork for dragging the trailer across for us and letting us service out of it.... also the banter and photography you got some great shots.

Lisi Pickstock for jumping in the silly seat and not being sick and staying up late to help with repairs. Sounds like you are crazy enough to go round 2 so bring on next year. The 180b is getting a rest next year while I do some life things but im planning on doing 1 event so bring on Nissan Nightmoves 2026, Im coming for the party.

CLUB MEMBER UPDATES

Mark Lacey/Tyler Schippan - Alpine Rally of East Gippsland

The final rally of the year, Alpine Rally, saw us secure 2nd place in the AWD category, which would have translated to 28th position outright if we were included in the overall results. We were fortunate to receive an invitation to join the AWD category. Friday began on a challenging note, with an unfortunate incident involving a sliced thumb on the roof vent just 15 minutes prior to the start, followed by a loss of communication shortly after commencing transport to the first stage. Saturday's rain resulted in only two stages being completed, including a 71km long stage, during which we experienced two close calls with the bank on my side of the car, fortunately without sustaining any damage. Mark demonstrated exceptional driving skills in the extremely slippery conditions. Sunday's weather was equally unfavourable, with heavy bursts of rain, but we persevered to reach the finish line. I would like to extend my gratitude to Mark for an incredible year, which has been truly amazing. Mark Lacey, Lacey Racing.

Observation run 6

Despite the wet start to the morning, by the time we all met at Mitcham the weather had improved making a nice day for a Sunday drive. Everyone made it to the Forktree Brewery for lunch.

Although the eventual winners (to be announced at the AGM) ended up clear winners by 3 points, the first 8 entries were only separated by 8 points out of 74, which was a great effort. As always, we had a deserving recipient of the Specsavers award for last place!

Observation run 5A - Sunday 1st March 2026

I am planning to run Ob 5A , which is a rerun of Ob 5 earlier this year, finishing in Mannum at the Pretoria Hotel for an early lunch before a 1.5 hour cruise on the paddle steamer Mayflower. Hopefully the Mayflower won't break down this time and we can get our cruise as planned.

I'm sorry about the early start, but the timing for the day is determined by the cruise schedule and we need to eat beforehand.

The cost of the cruise for those that would like to, is \$30 pp.

Deposits for the cruise will need to be paid by Wednesday 11th February 2026. Please see the separate promo and entry form.

RALLY SKILLS PROGRAM - 2026

We have been inundated with registrations of interest for the 2026 program.

We have 12 confirmed students who have paid deposits to secure their places.

We have a very equitable split of 6 male and 6 female students.

We only have 2 juniors, but another 5 under the age of 25.

We also have 5 names for the 2027 program.

RALLY SKILLS PROGRAM - 2025

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

RALLY SKILLS PROGRAM - 2026

Goals of Rally Skills Program

2026

Day 1 of the program - 18th April

Please arrive by 9:00am as we will need to complete some paperwork, and everyone needs to sign on to be covered by insurance. There will be a drivers' briefing at 9:30. This is compulsory for both students and trainers/officials. Safety is paramount and the first sessions will cover car and personal safety, allocate students to their groups, how to put on a helmet, correct seating position and scrutineering of the RSP cars. After lunch, we will start working on cornering, weight transfer and stop/start, both theory and in car. Cars will be provided by RSP.

Day 2 of the program - 13th June

Activities will include cornering/gear changes, left foot braking, rally rules, Co-driver duties, pace notes, tyre technology and how to change a tyre safely.

Day 3 of the program - 8th August

Activities will include reinforcing day 1 & 2 skills, dummy Khanacross track, Event entry via Motorsport Australia (MA) portal, cost of building a Khanacross car, loading and towing a car trailer safely, Fire safety including extinguishing a fire.

Day 4 of the program - 27th September

You will participate in a timed Khanacross competition. Using your knowledge from day 3, you will be responsible to enter the event via the MA portal (we will assist if you have any problems). If you have your own car, you may use it for day 4 provided it passes scrutineering on the day, other wise a RSP car will be allocated to you.

RALLY SKILLS PROGRAM

EXPRESSION OF INTEREST INSTRUCTORS

We would like another couple of club members to get themselves accredited as coaches for the program. We have been running a bit lean on numbers and if we have a few people unavailable due to travel commitments or sickness we are very tight to run the day. You will need to get a Working with Children Check before registering with MA as a coach, which takes an hour or so. It is also a good way to hone your own skills.

Please contact Peter Tann on 0417867403 (or any of the RSP team) if you are interested, or would like to find out more.

Depending on the budget (which is yet to be set) we are keen to start to install bolt-in half cages in the RSP cars as a priority.

If anyone is able to assist us in the process please contact Pete.

We have harnesses for all the cars which still need to be fitted.

We have a couple of seats that have been donated and need fitting.

If anyone is upgrading their seats we are interested in donations or purchase at a reasonable price. As always, contact Pete.
