

WALKY TORQUE MARCH 2026

Some might call this the off season, but many people have been beavering away behind the scenes organising events for 2026.

The competition calendar is looking very busy already. Local events include 10 dates at Walky Park, inc our very popular RSP and 11 other events both here in SA and interstate. Of course there are far more motorsport events than that but but this is just the number that members are expressing enough interest in, to include here in WalkyTorque

The social committee have been busy with at least 6 more events planned for the remainder of the year.

And of course RSP is full and kicking off in just a few weeks. Supporting these events is a good way to keep them happening and volunteers are always welcomed at any of these events. Event and contact details throughout this magazine.

NEXT GENERAL MEETING:

SOCIAL COMMITTEE

The following events are in various stages of planning. Save the dates

- CCSA fundraising supper - GM Wednesday 15 April
- Annual lunch - TBA (probably August)
- RSP shed official opening - TBA (July/August?)
- Observation run 7 - Late November
- AGM -Wednesday December 9
- Go Karts - TBA

Observation Run 5A - Wrap Up

Despite the dire weather forecast we were lucky to have a fine but a bit humid day in the end.

We had 13 cars start (and finish!) and all got away promptly.

On my way up I was a little surprised to encounter Tamara & Ellie on a road that wasn't part of the route, but it turned out they were backtracking for a clue they had missed.

When my grandkids arrived for lunch they were grumpy and told me I was evil!
Job done!

We had 37 booked for lunch and everyone arrived in plenty of time for lunch at the Pretoria Hotel, I think everyone enjoyed their meals, and the staff did a great job getting our meals out promptly.

There were 30 people for the cruise on the paddlewheeler Mayflower at 1:00 pm, which was capacity. We had a very pleasant cruise for 1.5 hours and then it was time to head for home.

I hit a storm going through Palmer on the way home, but once over the hill it was dry again.

Many thanks to Colin Moscrop yet again for his help in running the event.

Don't forget, winners and losers will be announced at the GM next week
Without giving too much away, for the first time we have a tie for first place!

Thanks
Peter Tann

SOCIAL COMMITTEE

SOCIAL COMMITTEE

Cancer Council Supper - General Meeting Wednesday 15 April

The Social committee are organising a supper to raise funds for Cancer Council SA again this year in lieu of a Biggest Morning Tea, which is a national campaign to raise funds for research and support services for people diagnosed with cancer.

Lets face it, we all know someone close to us that has fought cancer, some survive, like me, and some sadly don't make it.

Did you know that 1 in two people will get cancer before the age of 85?

Did you know that more than 30 South Australians are diagnosed with some form of cancer every day?

The Club will match all donations dollar for dollar.

If you are unable to attend, there will be a QR code to enable you to still donate.

A \$15 entry fee will get you a delicious supper provided by the Social committee including sausage rolls, party pies, sandwiches and some sweet things for afterwards.

There will be a raffle with cash prizes totalling \$100.

As usual our hard working committee would love to see you on the night and help raise money for a great cause.

We have also arranged a CCSA speaker to give a brief talk during the evening.

Cancer Council
Australia's Biggest
Morning Tea

TRACK COMMITTEE

- We are still waiting to get the replacement tyre for the grader so that we can fit it, hopefully soon so that we can grade before our first event.
- The solar system is progressing. We have all the components for the system and Will Langdon is going to mount everything on a board so that it can be installed in one go, plus some cabling.
- We have started work to enclose the balcony. Please be aware that the existing railings are loose and no-one should go up on the balcony unless they are required to. We have taped off the access. Most of the new structural work is in place but it will be approx 8 weeks until the windows will arrive. The new viewing area is lower to enable larger windows so timing personnel can see Greta's Grotto and all the tracks while seated.
- The RSP shed is also progressing. We have received building approval from the council and are making a progress payment to start construction of the materials. That phase should be completed in July, and erection should take about 2 weeks to complete after that.
- Ben from Torrens Valley Mechanical is due at Walky Park next week to service all of our equipment.

RALLY SKILLS PROGRAM - 2026

The cars need a little TLC before day 1 which is scheduled including a wash.

As previously advised we have 12 students committed for 2026 and now 14 names for 2027.

I have contacted all of the students for this year again, with a view to them getting their MA licences, and to finalise payment of their fees.

I will contact them all again in a few weeks just prior to day 1 of this year's program.

EXPRESSION OF INTEREST INSTRUCTORS

We would like another couple of club members to get themselves accredited as coaches for the program. We have been running a bit lean on numbers and if we have a few people unavailable due to travel commitments or sickness we are very tight to run the day. You will need to get a Working with Children Check before registering with MA as a coach, which takes an hour or so. It is also a good way to hone your own skills.

Please contact Peter Tann on 0417867403 (or any of the RSP team) if you are interested, or would like to find out more.

Depending on the budget (which is yet to be set) we are keen to install bolt-in half cages in the RSP cars as a priority. If anyone is able to assist us in the process please contact Pete.

We have harnesses for all the cars which still need to be fitted. We have a couple of seats that have been donated and need fitting. If anyone is upgrading their seats we are interested in donations or purchase at a reasonable price.

As always, contact Pete.

RALLY SKILLS PROGRAM - 2026

Doug Frinsdorf and Mark Lacey are sadly unavailable as coaches for 2026 - A huge thank you to both of them for all their work the past 2 seasons to get the program up and running.

Nev Whittenbury and Tim Meade are joining us this year as coaches for which we are very grateful. If anyone else would like to help us, please contact me - at the moment we have 6 coaches confirmed for day 1, but several who have not yet advised if they are available or not. You don't need to do all days of the program, but if you can do some it gives us flexibility to fit in with peoples work and family commitments. It's also comforting for me if we have a reserve in case of last minute sickness or work.

Thanks
Peter Tann

RALLY SKILLS PROGRAM

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

Phone: (AU) +61 3 8594 9486 - PIN: 451 308 174#

Join meeting here

Monthly Meetings

The Walkerville All Cars Club holds regular meetings on the third Wednesday of every month at 7.30 pm. Join us at the Walkerville RSL Hall on Walkerville Terrace for an evening of camaraderie and fun! We have a great lineup of guest speakers and other activities throughout the year to keep things interesting.

New members are always welcome! We love meeting new people who share our passion for motorsport. So come along to our next meeting and make some new friends.

In addition, for those people who would like to be involved but are unable to attend in person Starting in 2024 our meetings will be Hybrid In Person & Online giving members more flexibility and the ability to be involved.

GORGE RALLYSPRINT

The Gorge Rallysprint event will run on Sunday May 10 and Sunday August 16.

The event has categories for Main Tour, Spirit Tour, Regularity, Challenge 120, Challenge 130 and Competition Stages over the course of the day will be using several sections of Gorge Road and Anstey Hill run in various configurations. These roads are also featured in the world leading Shannons Adelaide Rally in October

Prizes will be awarded at the end of each day and a series prize will be awarded to the competitor with the most points in each category over the two events. The event will be based out of the Paracombe Winery, which will have screens with live timing, lunch, wine tasting and entertainment available.

Entries close on April 10th via <https://www.adelaiderrally.com.au>

A quick, compact event on iconic roads on the edge of the city - it will be a beauty.

Know someone else who wants to participate?

Register here:- <https://form.123formbuilder.com/6913301/gorge-rallysprint-officials-2026>

Officials Registration is now open

So, you, your friends, car club buddies, and family members etc can all register at

UPCOMING EVENTS

AUTO SUPPLEMENTARY REGULATIONS NOW AVAILABLE

The Auto Supp Regs for the Outright Auto and Rally Regularity divisions are now available on our website

www.sunraysiasafari.com.au

Entries will officially open shortly, but with almost half of the available places now taken, you will need to be quick! You can still reserve your spot by completing the nomination process for the rally, which will only be available until entries open. After that, it's first in, best dressed!

The new Rally Regularity Division has attracted quite a lot of interest, and several competitor nominations already. With the entry fee being only \$3000 for 4 days of competition, and up to 1200 competitive kms, it's going to be an epic adventure!

The 2026 Sunraysia Safari will be run from September 9-12, based in Wentworth in Outback NSW. Open to Motorbikes, Quads, Cross Country and conventional Rally Cars, it's a test of speed, navigation and endurance.

WACC RESULTS - SPORTITY

All WACC event live results can be found in the Sportity App. Download the app and put in the code below.

Since Sportity has made changes to the way it operated this year, once the event is finished, Sportity will only show results for 10 days before the event is archived along with all documentation and results.

To make sure past results data is available, Ellie has created a Walky Park "Channel" (this is different to the Walky Park "Series" currently in use).

This Channel is called "Walky Park 2026 Series Documents" and the password to access it is "WalkyPark2026"

Outright Results will be published on the Channel post event, and will remain accessible for the year.

The "Walky Park Series" with password "WalkyPark" will still be used for each event, where the Supp Regs, Start List and Results will be published on the day as normal, but these events are automatically archived 10 days after the event finishes.

The Last Word.....

Well its Saturday 14 March and that excites me to no end. As we are all no doubt aware today is International Pi day where 3-14 represents Pi to 2dp.

We use Pi almost everyday. Why just yesterday Sharyn and I were in our new half built workshop, farnarkling the suspension issues we have with the Honda. Of course understanding that the suspension operates in a circular motion, it didn't take long to fill my double vertically opposed blackboards with a load of circular trigonometry. This could not be solved without? Yes you guessed it - our friend Pi.

When I'd had enough for the day I headed inside where I was confronted by Sharyn with another confounding problem that could only be solved using Pi. She was calculating flour volume to prepare the pastry base for our pizza pie. Along came our friend Pi with a couple of his best friends and before we knew it we were eating pizza Pie. Thank you Pi!

So just remember, if your having a tough day in the workshop you'll soon be eating pizza.

Cheers

Evan

editor@wacc.asn.au

If you didn't celebrate Pi day don't despair, you wont have to wait long.

22 July is Approximation Day to celebrate $22/7$ as the fractional approximation of Pi and of course 31 July follows for $3\frac{1}{7}$ as the mixed number equivalent.
