So get along to Walky Park, have a great day out and then attend the Presentation Dinner & AGM on 9th December. You may be the lucky winner.

All articles should be emailed to me by the Friday before each monthly meeting. Anything received after that time may not make the cut.

TRACK COMMITTEE

- The tracks are being graded and rolled on an ongoing basis.
- We are actively trying to get some roadbase to mix in and bind material together.
- We have started placing tyre bundles in some of the wider corners. This will be an ongoing project this year.
- The solar system is progressing. We have all the components for the system and Will Langdon is going to mount everything on a board so that it can be installed in one go, plus some cabling.
- We have started work to enclose the balcony. Please be aware that the existing railings are loose and no one should go up on the balcony unless required to.
 - We have taped off the access.
 - Most of the new structural work is in place but it will be a few weeks until the windows arrive.
 - The windows are due to be installed on Saturday Sept 5.
 - Once the installation is complete we will be able to clad the inside & outside and install a solid floor.
 - Once that is complete we will be able to secure the area and install the solar system.
- The RSP shed installation is bogged down like the rest of the building industry.
- We have received building approval from the council and made a progress payment to start construction of the materials.
- That phase should be completed in October, and installation should take about 2 weeks after that.
- The small grader has been fixed thanks to Jamie Robertson.

RALLY SKILLS PROGRAM - 2026

Day 3 was run on Saturday, 8 August.

- Amazingly it stayed mainly dry for the whole day.
- The tracks were quite wet in places, but all the students did very well and drove to the conditions.
- The day went smoothly and ran pretty well to time.
- Evan Vidler substituted for Jason due to a shoulder reconstruction and managed to keep the cars running during the day with only a few issues to resolve.
- We have a few weeks now to ensure that all cars are ready for day 4 on Sunday 27 September.
- I think this year will be the first time none of the students have their own car.
- We now have 20 names for 2027.
- As always, a huge thank you to all the coaches and presenters who did a fantastic job on the day.
- A special thank you to Mark Povey for a great presentation on tyres and how to get the best out of them.
- Another thank you to Sharyn Vidler for helping serve lunch on the day.

At the Rallyschool sponsored Rallysprint /Autocross on Sunday 9 August we had some new members come for some fun.

Julia and Rory are registered as RSP students for 2027. They came to look at an event a couple of months ago and after passenger rides with Mike couldn't wait.

They got organised with licences, membership and a car. Many thanks to everyone who welcomed them and helped them on the day especially Dave Rudham who jumped in the car with them.

Also, lots of support and encouragement from Mandy, Paul Kinnear and I'm sure many others. They had a wonderful day.

And my thanks to their Mum, Trish who helped me serve lunch and clean up afterwards.

Day 4 scheduled for the weekend of 26 - 27 September

Cheers
Pete

RALLY SKILLS PROGRAM - 2026

EXPRESSION OF INTEREST INSTRUCTORS

We would like another couple of club members to get themselves accredited as coaches for the program. We have been running a bit lean on numbers and if we have a few people unavailable due to travel commitments or sickness we are very tight to run the day. You will need to get a Working with Children Check before registering with MA as a coach, which takes an hour or so. It is also a good way to hone your own skills.

Please contact Peter Tann on 0417867403 (or any of the RSP team) if you are interested, or would like to find out more.

We have harnesses for all the cars which still need to be fitted. We have a couple of seats that have been donated and need fitting. If anyone is upgrading their seats we are interested in donations or purchase at a reasonable price.

As always, contact Pete.

RALLY SKILLS PROGRAM

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

WACC RESULTS - SPORTITY

All WACC event live results can be found in the Sportity App. Download the app and put in the code below.

Since Sportity has made changes to the way it operated this year, once the event is finished, Sportity will only show results for 10 days before the event is archived along with all documentation and results.

To make sure past results data is available, Ellie has created a Walky Park "Channel" (this is different to the Walky Park "Series" currently in use).

This Channel is called "Walky Park 2026 Series Documents" and the password to access it is "WalkyPark2026"

Outright Results will be published on the Channel post event, and will remain accessible for the year.

The "Walky Park Series" with password "WalkyPark" will still be used for each event, where the Supp Regs, Start List and Results will be published on the day as normal, but these events are automatically archived 10 days after the event finishes.

Team entry fees will be \$2500 plus garage hire or \$2950 with garage. (inc GST)

For 2026, the Event will be a 5 hour Regularity Relay, split into 2 x 2.5 hour sessions on Sunday August 23rd.

Teams will need to declare a target lap time for each of their drivers to achieve throughout the relay, with the fastest target lap time accepted being 1 minute 55 seconds.

Each driver must hold a minimum of a Single Event Speed licence from Motorsport Australia.

The winning team will be the team that delivers lap times the closest to its target lap time throughout the event.

UPCOMING EVENTS

2027 Tarmac West

We didn't get the numbers we needed for Tarmac West in 2026, but lessons were learnt and in 2027 the event will more formally promote the savings on offer to teams from SA!

An event that should be on everyone's bucket list, make sure you include it in your competition budget for September 2027.

This premier tarmac rally is held in and around Perth and offers a unique mix of high-quality competition stages, strong spectator attendance, and outstanding media exposure.

The event organiser, Ross Tapper, along with regular competitor and sponsor Kevin Bailey from Bullsbrook Water Carriers, are keen to see a strong contingent of South Australian competitors involved and will again be offering a compelling sponsored support package for **Team SA** entrants in 2027.

Team SA Benefits

- Recce cars provided
- Organised group transportation of rally vehicles
- Local service crews and support

Competition Categories

- T200, T165 and T130
- Tarmac 2-Day Rallye (Saturday & Sunday only)
- TSD (Time, Speed, Distance)

Visit the website for the 2027 event for pricing.

The value of benefits to Team SA competitors is easily greater than \$3k (not including the huge time savings realised by not having to drive over to Perth), thus removing the primary roadblocks for teams from SA making the decision to enter.

The aim is to get a field of **5 or 10 South Australian cars**.

Entrants will also be paired with local WA competitors within their category for the **Teams Trophy**, creating an excellent mix of camaraderie, local knowledge, and on-event support for competitors new to the rally.

One of the highlights of the event is the spectacular stages along the Swan River at Langley Park on Sunday — reminiscent of the famous stages used during Australia's round of the WRC.

UPCOMING EVENTS

2027 Tarmac West

The event is renowned for:

- Strong spectator attendance
- Excellent media coverage

UPCOMING EVENTS

OPERATION FLINDERS TO FLEURIEU RALLY

The countdown is on for the inaugural **Operation Flinders to Fleurieu Rally**, and planning continues to gather momentum as we work towards welcoming competitors to South Australia from **20–25 September 2026**.

One of the exciting developments since our last update is the introduction of the **F2F Yankalilla Stages**—a new **two-day sub-event** that provides competitors with the opportunity to be part of the Flinders to Fleurieu Rally without committing to the full six-day event.

The F2F Yankalilla Stages are ideal for competitors wanting to experience the atmosphere of the event, tackle some fantastic Fleurieu Peninsula roads, and become part of South Australia's newest classic rally, whether you're new to long-distance rallying or simply can't spare a full week.

Planning for the main event is progressing exceptionally well. Our team has now completed consultation with residents along **more than 900 kilometres of competitive stages**, and we have been overwhelmed by the positive response from the communities we will be visiting.

Accommodation bookings continue to grow, with more than **1,000 bed nights already secured** for competitors and service crews, and that figure doesn't yet include our officials and volunteers.

The event will also receive significant media exposure, with **Black Magic Media** producing the official event coverage. Joining the team is **Colin Clark**, the internationally recognised **Voice of the World Rally Championship**, who will help showcase not only the rally but also the incredible scenery, towns and tourism experiences South Australia has to offer.

We are also honoured to welcome **1984 World Rally Champion Stig Blomqvist** from Sweden, who will be attending throughout the event and sharing his wealth of experience with competitors and fans alike.

UPCOMING EVENTS

OPERATION FLINDERS TO FLEURIEU RALLY

The rally isn't just about competition. We've partnered with **Operation Flinders** as our principal charity and are delivering **Youth Driver Training** Programs across participating council areas, helping support safer young drivers while giving back to the communities that are hosting us.

Whether you're interested in:

- Entering the full six-day **Operation Flinders to Fleurieu Rally**,
- Competing in the new **F2F Yankalilla Stages**,
- Volunteering as an official,
- Bringing your family to one of the public displays, or
- Simply supporting a unique South Australian motorsport event, we'd love to see you involved.

Don't forget our public displays:

- **Quorn** – Sunday, 20 September
- **Clare Sports Club & Function Centre** – Wednesday, 23 September
- **Victor Harbor** – Friday, 25 September (Finish Celebrations)

The enthusiasm from competitors, officials, councils, tourism organisations and local communities has been outstanding, and we're looking forward to delivering an event that showcases the very best of classic rallying and regional South Australia.

We hope to see many of our club members involved in what promises to become one of Australia's premier classic rally events. If you'd like more information about entering either event or volunteering, please don't hesitate to get in touch.

We look forward to seeing you in September!

FOR SALE

Car for sale - best offer

The RSP has a surplus car for sale.

It has never been used by the RSP due to a problem with the water pump leaking.

We have decided to move the car on as it requires too big a commitment to fix it with our limited resources.

The car is a 1997 Hyundai Coupe, auto, FWD, 1800cc

Cost to fix will be: water pump \$100; belts \$60; Timing Belt \$120; coolant.

Anticipate 8+ hours of labour to fix.

If anyone is interested please contact Pete Tann

GIVE AWAY TO GOOD HOME

Fire extinguishers

The club has been donated a number of 4.5 kg fire extinguishers.

These are past their expiry dates and so not suitable for commercial use, but are still fit for purpose.

If you would like some for your shed or around the home please contact Pete Tann to arrange pickup.

The Last Word.....

How wet was it when we left Walky Park last week!!

We drove the 50km north up Bower Boundary Road, on our way to Burra.

- Our truck has never been so muddy.
- Then it rained for 2 days and our truck has never been cleaner.
- First wash in 16 years.
- Anyone want to buy a truck?
- Wont stay clean for long.
